## Segments<sup>5</sup>

Operating profit in %

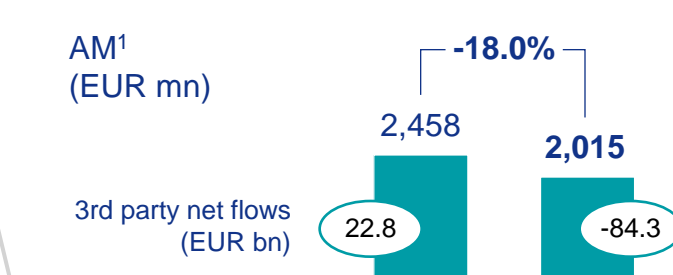

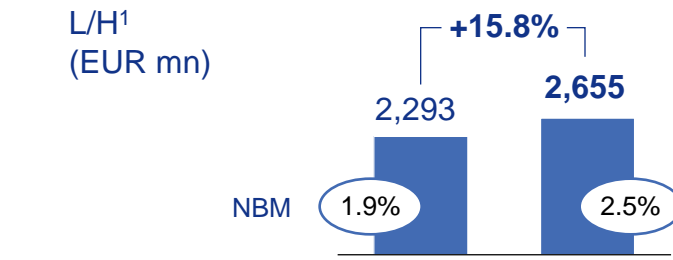

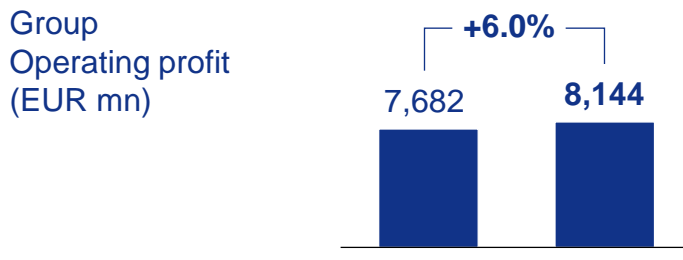

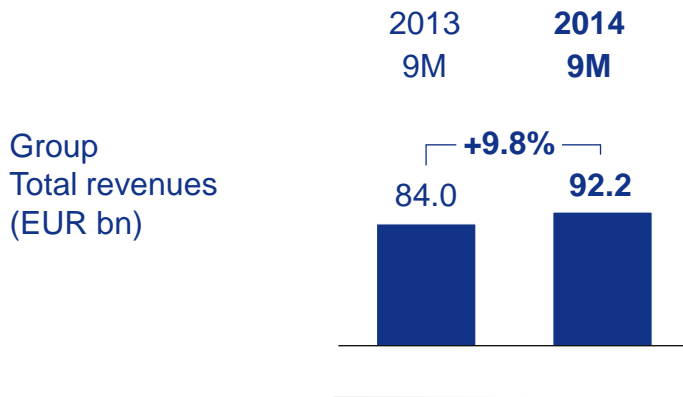

## Regions<sup>5</sup>

Operating profit in %

1) 2013  
 2) 3Q 2014  
 3) Hybrid capital has been adjusted by EUR 1.4bn due to potential calls in 2015. Excluding this adjustment, the conglomerate solvency ratio would be 190% and the economic solvency ratio 207% as of 30 September 2014  
 4) Off-balance sheet reserves are accepted by the authorities as eligible capital only upon request. Allianz SE has not submitted an application so far. Excluding off-balance sheet reserves and adjusted for the potential calls of hybrid capital of EUR 1.4bn in 2015, the solvency ratio as of 30 September 2014 would be 176%  
 5) Relation of business segments excluding Corporate & Other and consolidation

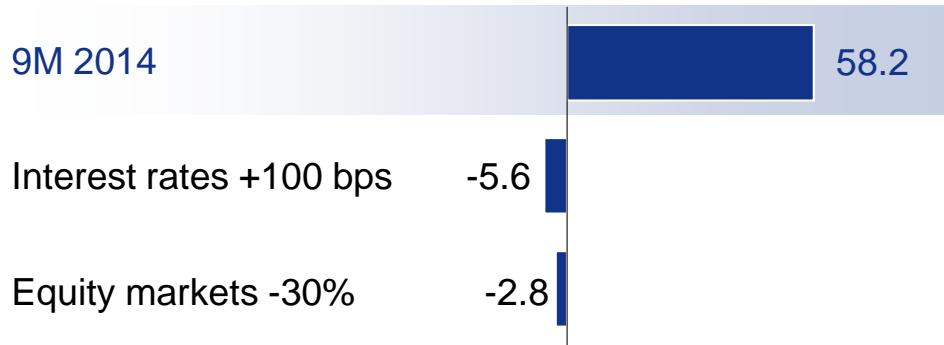

# Highlights 9M 2014

1) Effective 2014, certain entities were allocated from Asset Management to Life/Health and Banking

## **Forward-looking statements**

The statements contained herein may include prospects, statements of future expectations and other forward-looking statements that are based on management's current views and assumptions and involve known and unknown risks and uncertainties. Actual results, performance or events may differ materially from those expressed or implied in such forward-looking statements.

Such deviations may arise due to, without limitation, (i) changes of the general economic conditions and competitive situation, particularly in the Allianz Group's core business and core markets, (ii) performance of financial markets (particularly market volatility, liquidity and credit events) (iii) frequency and severity of insured loss events, including from natural catastrophes, and the development of loss expenses, (iv) mortality and morbidity levels and trends, (v) persistency levels, (vi) particularly in the banking business, the

extent of credit defaults, (vii) interest rate levels, (viii) currency exchange rates including the Euro/U.S. Dollar exchange rate, (ix) changes in laws and regulations, including tax regulations, (x) the impact of acquisitions, including related integration issues, and reorganization measures, and (xi) general competitive factors, in each case on a local, regional, national and/or global basis. Many of these factors may be more likely to occur, or more pronounced, as a result of terrorist activities and their consequences.
